

Meiya Power Company Limited

**Meiya Power Awarded
“Asian Power Awards 2010 —
The Environmental Company of the Year Award”**

* * *

**Continue to Focus on Clean and Renewable Energy and
Strive for Efficient Use of Energy and Environmental Protection**

[10 November 2010, Hong Kong] – Meiya Power Company Limited (“Meiya Power” or the “Company”, together with its subsidiaries the “Group”), a leading independent power producer (IPP) in north Asia, is pleased to announce that the Group was named **The Environmental Company of the Year Award at the prestigious Asia Power Awards 2010.**

Organized by Asian Power Magazine, Asian Power Awards aim to recognize the industry players in Asia for their outstanding performances and contributions to the power sector. This year’s awards was concluded with a presentation ceremony held in Singapore on 3 November.

MPC has awarded twice Independent Power Producer (IPP) of the Year Award for the past two years and was named The Environmental Company of the Year Award this year, recognizing its dedicated efforts in providing sustainable energy sources with low emission and protecting the environment.

At the presentation ceremony, Mr. Manuel Perez, Chairman and CEO of MPC said “It is our honor to receive this prestigious award in the clean energy industry. I am also glad that MPC’s astounding growth in recent years is recognized by a panel of renowned judges for this award. With extensive experience in the development, financing, construction and operation of power plants, MPC is committed to provide sustainable and reliable energy to meet the increasing demand throughout the region while protecting the environment. Our fuel diversification projects include wind power, hydropower, steam power, natural gas and conventional power plant. Going forward, we will continue to focus on our business in particular in the clean and renewable energy, as well as strive for efficient use of energy and environmental protection”.

About Asian Power Awards

Asian Power Awards is hosted by Asian Power Magazine, the region's outstanding power generation industry magazine. Since its launch in 2005, Asian Power Awards has served as a platform for the recognition of key power industry players in Asia whose efforts have stood out over the years. Winners of the award are drawn from a wide range of outstanding independent power producers who contribute the growth and development of the power sector in Asia. There were altogether 18 awards in different categories with winners from major utilities and market leaders in the power industry.

About Meiya Power Company Limited

MPC is one of the leading independent power producers in Asia with extensive experience in the development, financing, construction and operation of power plants. Established in 1995, the company focuses on a strategy of fuel and geographical diversification and cost effective management. MPC has currently invested in over 20 power projects in the region with a gross installed capacity of about 14,000MW. The company is committed to the region and has distinguished itself through its sustained and profitable growth.
